

Year 6 Spring 2

Topic Overview

In Spring 2, children will be continuing to learn about the effects of World War Two in Great Britain. We will be focusing on how the United Kingdom responded to the outbreak of war, the Blitz, rationing and the role of women.

Big Bang!

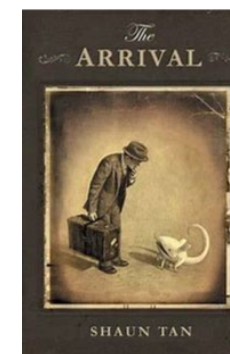

Children will be immersed in activities based around VE Day as well as looking at the war from the German perspective. Your child is welcome to come into school dressed in clothes that children in 1945 would have worn to celebrate the day.

Our Learning Overview

Key Texts

Beating the Blitz!

English

In writing, children will be exploring the book 'The Arrival' by Shaun Tan. This book will evoke emotional responses leading to writing opportunities with emotive language.

Maths

In maths, children will be looking at using a range of different measures. We will look at area and perimeter as well as converting between metric and imperial units of measurement.

Science

In science, children will be exploring evolution and inheritance. They will learn that fossils provide us with information about what animals looked like many years ago therefore providing us with evidence about evolution.

History

Children will be learning about the effect of World War Two in Great Britain. We will look at the Blitz, rationing and how women supported the country to keep businesses open and the economy running.

Computing

Children will combine their knowledge of computer programmes to edit and create their own published documents.

RE

In RE, the children will be looking at a range of religions and the advice they give when people experience difficulties in their lives or hard times.
